RE: ML 3092--VM, Notice of Intent to Commence Large-Mining

Gentlemen:

This letter will advise you that the School and Institutional Trust Lands Administration has determined that a cultural resources survey will be required for the state lands to be disturbed by proposed large-mining operations under ML 3092--VM. The survey must be performed by a qualified consultant, at Lessee's expense, and submitted to this office for review and approval prior to the commencement of large-mining operations. I am enclosing a list of qualified consultants for your convenience.

Please contact me if you have any questions in this matter.

Sincerely,

John T., Blake
Mineral Resources Specialist
